To whom it may concern,

This is to certify that Andrei Costiniuc was spending 1 day of short informal Internship to find out more about the way of working in our company. The preferred way of working that was being discussed is the Agile Working Model.

For this, Andrei did the following:

- Spent time together with me to understand the methodology and why it is useful in the Industry
- Documented himself to prepare a presentation about what he has learned
- At the end of the day presented the presentation

Having the end of the day presentation being complete and well done, I can hereby say that the 1 day informal Internship was successful.

For reference, the presentation can be found here: https://074xd-my.sharepoint.com/:f:/g/personal/kufix_074xd_onmicrosoft_com/Eg5UkY2cAytIhaqRDNkcsTIBM4N4W34w01puQ23u_koUYg?e=d1LUnM

In case of questions or further questions or queries please let me know,

Regards,

Paul

Andrei Costiniuc Internship letter

Hello Andrei,

I hope that this letter is going to suffice for what you need at school in order to certify the 1 day Internship we have done together.

Regarding this day we covered the following: what is a normal day for a full-stack Developer, covering aspects like writing code, deploying and building the code. As an example we have taken the MVC framework, for which we have done a more in depth discussion.

At the end of the meeting, at Andrei's suggestion we also had a very nice presentation done by Andrei showing his understanding of MVC, the main topic of the day.

Please let me know if this is ok, I would be more than happy to also answer any questions if there would be any.

Good luck with school, and with your IT passion!

Regards,

Mihaela
